Positive Television Programming

Good morning to all Congressmen

There's something you should know

KID'S TV is here and ready

You should sit and watch the show !

KID'S TV is very serious

We're ready with a plan

Our Positive TV's affordable

For all the stations

In our great land!

The kids are our future

It's education that they need

Let's give it to them now

So later, they'll succeed

Please help us find the funding

To make our dreams come true

All the parents

will be grateful

And the kids

Learn something new!

Problem 1: There is not enough educational television

Additional Suggestions on how to get more programming :

1. Offer incentives to producers of educational programming ranging from matching grants to free air-time for the finished product.
2. Hold a nationwide contest sponsored by all broadcasters with cash prizes and pre-paid airtime.

Airtime should also be made available on Saturday morning for at least 1 hour of educational , entertaining programming. By enhancing our children's reading, educational and life skills we improve our society as a whole. The time to start is now !

KID'S TV is an exciting, 30 minute, interactive magazine format t.v program, with a cast of 50-85 kids, who captivate audiences of all ages through specially designed educational segments which emphasize reading, science, math, multi-cultural arts, health, safety, languages, and learning while having fun.

For the last 18 months, Lori Wilk and Bill Demery have worked non-stop and have personally funded KID'S TV from a dream to a reality. Yes, we have personally created, written, produced, edited and promoted this program because we believe that the kids of this nation need positive television programming that will not only entertain them but also teach them. Our children's music is mostly original, created by Children's Entertainment Artist, Sari Mitchell, whose album will be in stores soon. Kid's Tv will introduce CAPTAIN WORD, who teaches that "WORDS ARE POWER!" He sends the message to everyone that you don't need weapons when you have words. This program will be nationwide with the support from corporations and individuals for education.

\* KID'S TV currently airs as local origination programming in Florida on Jones Intercable, Continental Cable and based on the number of other stations who are adding KID'S TV to their programming, KID'S TV will air to 1.36 million subscriber households per week by September.
